

Welcome to our Impact Report 2023

We are delighted to share with you some amazing examples of how we have helped our ministry partners to achieve their God-given vision, thanks to your support.

EDUCATION

Disappointment turned to delight in Ghana

Four children who graduated from High Priest Academy in Ghana were eligible to continue their education at a government funded boarding school, but were unable to pay for the equipment required for attendance. These items included a mattress, bedding, washing kit and cleaning materials, amongst others. A supporting church in Somerset heard of this situation and fully funded all four sets of kit, enabling those students to continue their education.

Thank God that He used the church's generous giving to transform the lives of those precious young people.

From rubble to a new roof, fit for a growing church

Despite a difficult start to 2023 following the earthquake in February, Tülin, leader at Antakya Christian Church in Turkey, shared one of many ways she has seen prayers answered:

"Thank you for the funds you sent which helped us to finish the roof and tent-like sides of our ministry centre. God is good. The first Sunday of December we had little over 100 people present. By our Christmas event, there were up to 200 people in attendance. These are people from the community who do not have a Christian background. We were able to roll up the rear 'wall' to accommodate everyone. Praise God with us for His provision!"

God moved & prayers were answered in Myanmar

Pastor Pau, leader of the Word of Hope Orphanage in Myanmar, shared with us in August that the girls' bathroom was in desperate need of repair. We featured the prayer request in our monthly prayer calendar and that prompted one of our faithful supporters to donate towards its repair. Just weeks later, having sent the funds needed, we received images of the renovation.

Praise God that He brought about this success story!

“I found a place where my anxieties disappeared”

We continued to support Beginning of Life as they cared for Ukrainian refugees in Moldova, including Lyudmila:

“Even 6 months after leaving the war zone, my son Mark was still very sensitive to loud noises. Coming to Beginning of Life’s Urban Kids classes, I found somewhere I could focus on nurturing and educating my child, as well as myself. For Mark, it was an opportunity to calm down, socialise and adapt to a new place. He is now more comfortable in others’ company and has started playing with other children. We are so grateful for the support and this amazing place of growth.”

COMMUNITY

Dig in for 2024

You've helped us achieve so much in 2023, but it doesn't stop there.

Join us in prayer for the success of the irrigation well that is currently being dug as part of the community garden project with PIFò Haiti.

**Thank you once again for
all your invaluable support!**
