Petition for an end to the senseless violence in east DR Congo

Please return completed forms to: WorldShare, FREEPOST (DC829), Bawtry, Doncaster DN10 6BR

We, the undersigned, protest against the continuing violence in east DR Congo, and the misery caused to countless thousands of Congolese. In particular, we protest the use of sexual violence as a weapon of war, which is a crime against humanity.

We take note of statements issued by western governments and international bodies calling for an end to fighting, and are grateful for the help given through overseas aid programmes. Nevertheless the suffering continues. We call upon the Government of the United Kingdom and other governments, the European Union and the United Nations to commit whatever resources are necessary to bring about an immediate cessation of violence, and to ensure peace, progress and development for the people of DR Congo. We call upon all people to support this petition.
